

Marketing and BD on tap.

We've done your job ourselves. We know how hard it is and often wished there was a service like this.

We would like to help you blitz your to-do list.

Do you have things on your plate that you just don't find that easy to swallow?

Some of the things are quite trivial - and don't really justify your time. Other things are meatier but you just don't have time to address them properly. You may be trying to recruit but it is taking a while to find the right person - and there is a backlog of work and people are on holidays?

What kind of thing can we do for you?

If you are anything like our other clients, it may be things like:

1. Making sure there are enough of the right people at an event - or that attendees are followed up?
2. Sorting out your CRM
3. Looking at the main companies in a particular sector
4. Maybe a Partner has joined and you should be contacting clients to ensure they know?
5. Finding out what clients and connectors really think of you - compared to your competitors

This is the kind of thing we do for our clients - after all that is what we did when we were in-house.

How come it is such good value?

Since we are in Bristol - and have lots of people at different levels - we can often do it for much less than you imagine.

What is the first step?

Have a think about all the things on your plate at the moment - and divide those into the ones only you can do - and the ones that others could do for you. Email or phone to suggest a date and we will be helping you within days. It will be better for you and better for your firm.
